

On-line Enrollment is Easy!

Instructions on using the On-line Enrollment System

Before you enroll, you will need to log in to the website, select a User Name and Password.

- ◆ **Log in to the Website** - Log in to the Website at <https://www.omni403b.com>. If this is your first time on the site you will need to create a User Name and Password that is unique to you and confirm it. You will be given the option to provide a question and answer to be used as a hint, should you forget your Password at a later date. This is verified by using the last four digits from your social security number, your date of birth and the plan reference number 7989. If your employer has more than one plan with OMNI, you will be asked to click on the name of the plan that you would like to access.
- ◆ **Review and Update Contact Information** - The next screen will show you the mailing/home address we have on file for you as well as an e-mail address if provided. You will be requested to correct and/or update this information, if needed. This address information will be provided to your employer in order to change their records. However, until this address information is updated in your employer's payroll records, the contribution files provided by your employer will over-ride your changes temporarily.

After you finish with these preliminary screens, you will go to the Welcome to On-Line Enrollment screen. Click on "Enroll Now" to begin.

Here are the Easy Steps to On-line Enrollment:

- Step 1. – Provide a valid e-mail address** — This will allow you to receive confirmation emails as well as other important information on transactions you have requested. In addition, to expedite the process for receiving a voucher for hardship withdrawals, loans, and contract exchanges between vendors, it is important to have an e-mail address in our Website.
- Step 2. – Use Retirement Planning Tools** — You have the option to use these tools as little or as much as you wish during the enrollment process. Using the Retirement Savings Calculator and Mastery POINT Financial Analyzer, you can project different rates of deferral to determine a hypothetical account balance at age 65 based on your personal factors (age, marital status, tax bracket, etc.).
- Step 3. – Vendor Contracts** — Please enter the account/contract number in the box(es) next to the vendor(s) for which you have established an account. If an account has not yet been established, you cannot select the vendor at this time.
- Step 4. – Salary Deferral Election** — Select how much salary you wish to contribute by entering a dollar amount where indicated. This amount will automatically be deducted from your pay each pay period.
- Step 5. – Vendor Election** — Select how much you would like to invest in the available vendors by entering a dollar election next to each vendor. Please keep in mind that you will first need to contact each vendor that you have selected in order to have your account set-up prior to completing this step.
- Step 6. – Confirm Your Enrollment** — On this screen, you can review your elections. If you wish to make changes, you may select a previous screen from the menu on the left or click on "Previous Screen" until you arrive at the applicable screen. Once you are satisfied, you can select "Enroll Me" to complete the enrollment process or "Quit", if you decide to enroll at a later date. If you select Quit, you will lose all of the information you have input and will need to start over.

Once you select Enroll Me, you will go to a confirmation screen that shows your elections. If you previously provided us with a valid email address we will send you a confirmation of this transaction for your records. Your email address can be updated at anytime through the Maintenance option found on the Website. When you are done, you can logout of the website.

If you need assistance, you can call our Participant Service Center (877) 544-6664, Monday through Friday. You can also send an e-mail to www.omni403b.com. For prompt assistance, please have your plan reference number 7989, the last four digits of your social security number and date of birth available.
